PARTS BULLETIN No. 5-10

28-06-10

**Subject: MULTISTREAM AIR SEEDER -
Farmscan Canlink Monitor Availability**

Our Parts Bulletin No 2-10, dated 03-05-10, advised that Farmscan had ceased trading and spare parts for Farmscan Canlink systems were currently not available.

Since then, the Farmscan Intellectual Property and Parts Stock has been sold to a group of past employees. They have moved operations to Toowoomba in Queensland and are now trading as "FARMSCAN AG PTY LTD".

Contact details have been advised as follows.

Phone: (07) 4634 9612
Fax: (07) 4634 7590
Email: sales@farmscan.net.au

Farmscan Ag Pty Ltd have filled all of our orders which were outstanding when the Farmscan Division of Computronics closed down.

We have, in turn, completed all of our Dealer back orders.

Farmscan Ag are taking steps to re-establish suppliers for parts and assemblies but, it will take some time to build up confidence in their ability to supply at short notice.

It may be prudent for dealers to look closely at their customer's needs for next season and use the Pre-season Orders to have parts on hand early.

Mike Kilroy
Parts Manager
