PARTS BULLETIN No. 5-09

16-10-09

Subject: PRE-SEASON PARTS ORDERS FOR 2009/10 SEASON

Our Pre-Season Order system has, over the past few seasons, given Dealers the opportunity to ensure availability of spare parts, at times that best suit their requirements.

Pre-Season Orders also offer a direct financial benefit, to allow Dealers to compete more strongly on early customer orders, for wear-parts in particular.

Details of the programme are set out below;

PRE-SEASON ORDERS

In line with general industry practice, this will be a single order per branch, with one or two deliveries (subject to stock availability), prior to the season.

Orders -	To be received by 30 th November 2009
Shipment -	During January & February 2010. (with machines where possible, otherwise by Dealer nominated method)
Discount -	30% of RRP
Terms -	60 Days from end of month (due end of March/April 2010)

NOTE: The above applies to normal spare parts and does not include upgrades, or special options, which continue to be subject to production capacity and with a discount of 20%.
