PARTS BULLETIN No. 1-15

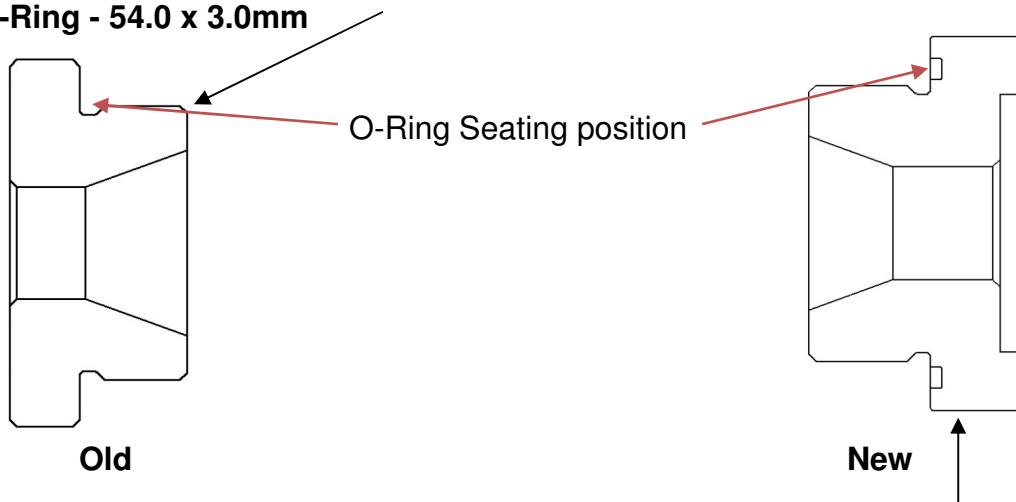

17-02-15

Subject: **NEW PART** - **ACCUMULATOR 20LTR WITH ADAPTOR 05712**
 - **REDUCER BUSH - ACCUMULATOR ADAPTOR 27092**
 - **O-RING 70.0 x 3.5mm 27264**

In late 2014 Ausplow made a change to the hydraulic accumulator which resulted in new accumulator adaptors and O-rings now fitted on all new machines.

The new style accumulator adaptors and O-rings are **not directly interchangeable** with each other because of the change in fittings, seating position and O-ring size, therefore caution must be exercised when ordering replacement O-rings, or adaptors.

08261 Reducer Bush - Accumulator Adaptor- 2" BSPP M O-Ring To 3/4" BSPT F
09361 O-Ring - 54.0 x 3.0mm

27092 Reducer Bush – Accumulator Adaptor
2" BSPP M O-Ring To 3/4" BSPT F
27264 O-ring 70.0 x 3.5mm

Ausplow highly recommends measuring the O-ring diameter before placing orders, to help identify replacement adaptors and O-rings this can be confirmed by the O-ring seating position on the adaptors, as shown above.

Please Note: Accumulator 20L part number 05529 has been superseded and replaced with **P/N 05712 Accumulator 20Ltr with Adaptor.**
