

## **PARTS BULLETIN No. 4-19**

**26-09-19**

### **Subject: Ausplow New **EVOLUTION** Seeder Hose**

Ausplow has introduced a new range of Air Seeder hose to minimise the occurrence of hose collapsing on Multistream Bins and Auseeder Bars.

This high-quality hose has special ribbing on the outside to improve its bend radius making it easier to install and less prone to hose collapse when bent.

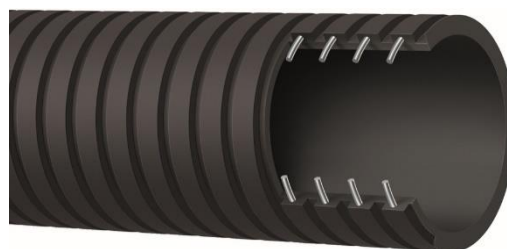

#### **EVOLUTION** **Air seeder**

**Tube:** black conductive NR.

**Reinforcement:** high tensile textile cords with embedded steel helix wire.

**Cover:** black NBR/PVC - oil, heat, abrasion and ozone resistant.

This range is exclusive to Ausplow (all prices are RRP Excl Gst):

#10810 Hose Rubber EVO 63mm (2.5") – order as 20m or 40m etc \$42.06/m

#10811 Hose Rubber EVO 127mm (5") – order as 10m or 20m etc \$143.72/m

#10812 Hose Rubber EVO 154mm (6") – order as 10m or 20m etc \$179.80/m

The new hose will be available from late 2019 and can be ordered via the webshop in the same manner as for our current seeder hose.

**Please note:** Our current Air Seeder hose 10858, 10859 & 10863 remains available.
