## **PARTS BULLETIN No. 08-21**

**09-12-21**

### **Subject: Wing Folding Cylinder Upgrade Kits**

**This is a follow-up from the initial release Parts Bulletin No. 2-20 on 25-3-20.**

Since late 2009, all Ausplow DBS Auseeders have been manufactured with a 1¼" pin on all the wing folding cylinders. At the time Ausplow used a 1" wing fold pin which was considered the industry standard. The change occurred when Ausplow's hydraulic cylinder supplier no longer manufactured or supported wing fold cylinders that take a 1" pin.

This change by our supplier also means that all larger model DBS machines (**59-260E, 60-260E, 64-260E, 70-260E, 55-300E, 59-300E, 61-300E & 60-300T** manufactured prior to serial number DBS833), which currently have the 1" wing fold pin and need a replacement wing fold hydraulic cylinder, must upgrade the wing fold area to accept the 1¼" pins. **Ausplow strongly recommends not using a 1" pin with bushes or drilling out 1" holes to accept 1¼" pins on the models listed.**

Ausplow advises dealers to encourage DBS owners of the affected models to upgrade their machines. **Ausplow have released a cost-effective upgrade kit, and DBS owners taking advantage of this offer will not only improve reliability and safety, but it will also be up to the current specification.**

<b><u>Part No</u></b>	<b><u>Description</u></b>	<b><u>RRP \$</u></b> Excl gst
16400	Wing Fold Cyl Upgrade Kit <b>59-260E</b>	\$3,900
16396	Wing Fold Cyl Upgrade Kit <b>60/64-260E</b>	\$3,900
16397	Wing Fold Cyl Upgrade Kit <b>70-260E</b>	\$4,500
16398	Wing Fold Cyl Upgrade Kit <b>55/59/61-300E</b>	\$3,900
16399	Wing Fold Cyl Upgrade Kit <b>60-300T</b>	\$3,900

The Wing Fold Upgrade Kits consist of two new 1.25" pin 5.5" or 6" Wing Fold Cylinders, two Wing Lift Arms, Strut Kit, Frame Bosses, Pin and Bolts.

Two bosses are to be fully welded to the frame if not already fitted.

The lug which secures the base of the wing fold cylinder and the frame bosses will require drilling out to 32mm using a mag drill. The new wing fold cylinders, wing lift arms (fish plates) and strut kit are then fitted in accordance with the fitting instructions supplied with each kit.

### **3 Frame Machines**

For older (Pre DBS833) single fold machines that have 1" pin 4" or 5" wing fold cylinders, the current 1.25" pin wing folding cylinder can be used as a replacement cylinder when they are fitted with a special bush.

This bush is supplied separately and four are to be ordered when ordering our current 1.25" pin wing fold cylinders.

#13458 Bush 1.0"ID x 1.25"OD x 1.0"W

\$90 RRP excl gst each.
