**Subject: DBS COULTER ASSEMBLY KITS DELIVERIES FOR  
'SEEDING 2014'**

Due to significant stubble conditions evident this season in the majority of the wheat belt growing areas, farmers considering ordering DBS Auseeder Coulter Assembly Kits for next years 'seeding 2014' are advised of the following;

- Ausplow recommends to place an order by 24<sup>th</sup> December 2013 to ensure certainty of delivery for 'seeding 2014'.
- This is due to the lead times required to build.
