2013 DBS TINE PARTS PRICE LIST
2013 DBS TINE MANUAL – PDF ATTACHED**

SPARE PARTS PRICING

Ausplow traditionally tries to keep pricing as stable as possible to avoid re-issuing of price list at short intervals. But In recent years cost from suppliers and internal labour charges have increased making it necessary to review spare parts pricing.

Because of the enormity of the task at hand, this will be handled by reviewing individual areas such as Tine components, Coulter components, Deep Tillage components, Camera systems, etc.

During the process of reviewing each area, relevant manuals will be updated or if necessary created simultaneously.
