Subject: 90L Flow Divider Kit

Ausplow has introduced a new 90L flow divider to help improve the performance of the wing folding system on our double fold bars.

The 60L Flow Divider Assembly #25633 is now discontinued and its block #25635 will also be discontinued when remaining stock is sold. Cartridges and seal kits will continue to be stocked as a spare part for the 60L flow divider #25633.

The new 90L Flow Divider Retro Fit Kit can replace the 60L Flow Divider using the parts shown in the kit below.

#33809 90L Flow Divider Retro Fit Kit
